Profile

Experienced Frontend Engineer dedicated to building responsive and user-friendly web applications. Proficient in an assortment of technologies, including React.js, HTML, CSS, JavaScript, TypeScript, and other modern JavaScript frameworks.

Professional Experience

Frontend Engineer (Contract) at Simpul Technologies, Jakarta (Remote)

January 2024 — July 2024

- Developed an Electronic Medical Record (EMR) system using Next.js, focusing on creating a seamless and user-friendly experience.
- Key features developed include:
 - Booking Appointment System:** Integrated calendar for scheduling and managing appointments.
 - Autofill Document Features:** Enabled efficient and accurate data entry.
 - Document Blocks:** Implemented draggable document blocks for customizable and flexible patient records.
 - Patient Map:** Developed visual representations of patient locations and movements.
 - Data Tables:** Created advanced data tables for organizing and managing patient information and medical records.
 - Patient Dashboard:** Designed a comprehensive dashboard for quick access to critical patient information.

Frontend Engineer at Hijra, Jakarta (Remote)

January 2021 — September 2023

- Developing an ecosystem financing dashboard for internal admin.
- Utilizing React.js for an intuitive and visually appealing interface.
- Ensuring the dashboard is robust, efficient, and user-friendly.
- Responsibilities include front-end design and implementation, testing, debugging, and collaborating to meet product requirements and expectations.

Frontend Engineer Freelance, Jakarta (Remote)

July 2020 — January 2021

- Freelance Frontend Engineer collaborating with a private bank in Indonesia.
- Designed, developed, and maintained the bank's website using HTML, CSS, UI framework, and CMS.
- Enhanced the online presence and improved the user experience for their digital platform.

Frontend Engineer at Mindimedia, Bali

August 2017 — December 2020

- Developed and maintained websites for villas and hotels in Indonesia.
- Designed and implemented responsive, user-friendly web pages using HTML, CSS, JavaScript, and CMS.
- Optimized websites for search engines and ran Google Ads campaigns.
- Collaborated with the marketing team to effectively showcase properties and drive bookings.
- Contributed to the successful promotion and booking generation for client hotels and villas.
